

Francisco Pruneda

Houston, Texas | fgpruneda@gmail.com | 832-504-1220

EDUCATION

Texas Tech University, Lubbock, Texas
Bachelor of Science in Electrical Engineering

May 2030

TECHNICAL SKILLS

Programming: Python, C++, Java

Hardware: Arduino, ESP-32, Raspberry Pi, Soldering, Breadboarding

Software: SOLIDWORKS, AutoCAD, GitHub, VS Code, Linux, Microsoft Office

Electronics: Circuit Analysis, Multimeter, Microcontroller Programming

TECHNICAL PROJECTS

VEX Robotics CAD & Controls

August 2024 – May 2026

CAD Lead & Programming Assistant

- Designed mechanical assemblies and component layouts using CAD software
- Programmed microcontroller-based control systems for motor/sensor integration

PROFESSIONAL EXPERIENCE

HEB, Katy, Texas

January 2025 - June 2026

Curbside Associate

- Efficiently retrieve and fulfill online customer orders.
- Provide excellent customer service by assisting with curbside pickups.
- Collaborate with team members to simplify inventory management and improve efficiency.

EXTRACURRICULARS

RAS Avionics Team, Texas Tech University

August 2026 - Present

Active Team Member

- Member competing in the International Rocket Engineering Competition
- Collaborating with a multidisciplinary team on avionics subsystems

IEEE Student Chapter, Texas Tech University

August 2026 - Present

Active Member

- Active member attending technical workshops & industry networking events

Katy High School VEX Robotics, CAD Team

August 2024 – May 2026

CAD Lead & Programming Assistant

- Designed robot chassis and mechanisms in CAD under competition deadlines
- Contributed to motor/sensor control integration with team programmers

CERTIFICATIONS

Autodesk Certified User – AutoCAD

April 2023

CompTIA IT Fundamentals (ITF+)

May 2025

Java Programming Specialist

April 2025

CompTIA A+

May 2026
